

Bently Nevada 3500/15-05-05 BN AC and DC Power Supply Module

Our Product Introduction

Basic Information

- Place of Origin: USA
- Brand Name: Bently Nevada
- Certification: CO
- Model Number: 3500/15-05-05
- Minimum Order Quantity: 1pc
- Packaging Details: BRAND NEW WITH FACTORY PACKAGE
- Delivery Time: 2-3 days
- Payment Terms: T/T
- Supply Ability: 100pcs per week

Product Specification

- PART NO.: 3500/15-05-05
- Weight: 1.55 KG
- Actual Price: Based On Offer
- Condition: New Original With Sealed
- Application: Oil And Gas Factory
- Color: Normal
- Highlight: **Bently Nevada 3500/15, Bently Nevada Power Supply, BN AC And DC Power Supply**

Product Description

Product Description

Bently Nevada 3500/15 AC and DC Power supply Module

Technical Application

The 3500/15 AC and DC Power Supplies are half-height modules and must be installed in designated slots on the left side of the rack. The 3500 rack can contain one or two power supplies with any combinations of AC and DC. Either supply can power a full rack. Removing or inserting either power supply module does not disrupt operation of the rack as long as a second power supply is installed.

When two power supplies are installed in a rack, the one in the lower slot acts as the primary supply, and the other in the upper slot acts as the backup supply. If installed, the second supply is the backup for the primary one.

The 3500/15 AC and DC Power Supplies accepts a wide range of input voltages and converts them to voltages acceptable for use by other 3500 modules. The following power supplies are available with the 3500

Series Machinery Protection System:

Universal AC Power

High Voltage DC Power Supply

Low Voltage DC Power Supply

Advantage Products
